"I wanted to take a minute to let you know how delighted we are with your video. We wake up every morning to it and for weeks our baby daughter has been completely enamored with your product. We love what you stand for and look forward to purchasing many more video's in the future from your company!" - Jaime

"These videos are a viable Christian resource for our times. Although excessive TV viewing by infants is controversial, in today's time intensive real world, it's nearly inescapable. These appropriately paced videos turn a problem into an opportunity to instill biblical truth into young lives." - Gary Foster, President - Gary D Foster Consulting
